NOTES MADE AT PLANNING GROUP MEETING HELD AT MCC OFFICES on Monday June 5th, 2017

Signature: John Wright

Date: Adopted on 05/07/2017

THOSE PRESENT: - Jenny Carpenter, Hilary Jones. Jones and Cllr J. Wright

1. Application number DC/2017/00444 - New House Farm, Proposed conversion of redundant barns to 2 number dwellings.

It was noted that this would be a material change of use with the Design and Access Statement advising that the structures are redundant because of changes to farming practices. We are aware however that the applicant's brother owns the land around the application site and query whether he might have some use for the buildings.

We noted that there would be an 800m drive but there were no objections from the highway authority.

The existing appearance of the buildings is to be maintained and the original character retained and the design appears to comply with the County Council Local Development Plan.

We note that the proposed method of discharge of foul water drainage is proposed to be to a new sewage treatment plant which presumably would discharge to ground. However, we understand that the adjoining property draws potable water from a borehole close to the proposed development and trust that Natural Resources Wales ensures that there would be no conflict accordingly.

RECOMMENDATION: - We recommend approval subject to the points noted above

Appendix 2

Notes made at Finance and Procedural Sub-group meeting held on

Present: Jenny Carpenter, Jo Storey, Hilary Jones

Clerks Contract

HJ went through the contract with the clerk. This was then looked at by the group and it was agreed that the contract would be drawn up by HJ. This is then to be signed by the Chair and Clerk. The contract will be looked at annually with the chair and clerk.

Bank Account

This was discussed and several possibilities put forward:

-  Change to a Bank Account
-  Have a working amount in a bank and the rest kept with Monmouthshire Building Society
-  Keep arrangements as they are but have a petty cash with a limit of £100.

It was felt that this should go to full council for a vote and for it to be included in council minutes.

If arrangements to stay the same, the chair to have a couple of withdrawal slips, so that if the clerk were unable to attend the meeting, slips could still be completed.

Payment to Councillors

John has raised remuneration for councillors following a workshop organised by the Independent Remuneration Panel for Wales (IRPW).

The IRPW, in bringing out these proposals, feel that no councillor should be out of pocket because of their work as a councillor (and so be able to claim the various expenses listed). They are trying to make the numbers of councillors more democratic and perhaps younger by enabling these remunerations.

It will need to be decided by formal resolution which if any of the recommendations we choose to adopt and implemented in the 2017-2018 municipal year. To be added to the next agenda. **H J to action. DONE.**

Review effectiveness of Internal Control

The form devised by HJ for internal control has been accepted by full council and now we feel no need to make any alterations to it.

The finance and procedural group are to meet with the clerk once a quarter to make sure that there are no problems on either side. **Action Clerk and FAP committee**

Insurance Cover Review

During a full council meeting we are to mention and minute volunteers who help the community council (path care and surveying). Any new volunteers would have to be mentioned and be recorded in the minutes as they join. Each volunteer will be given a full risk assessment form to look at and sign once a year (as required by the insurance company) then at each path care session, a risk assessment will be drawn up pertinent to that job and the volunteers will sign the sheet. These risk assessments are to be kept by Hilary in a specific file linked to the environment group. **Action HJ**

Standing Orders, Internal Control and Financial Regulations

We need to look at internal control and add the quarterly meetings with clerk and add that the clerks contract has been reviewed and will be on an annual basis.

Naming of groups/committees

The group recommended that we will call the environment, financial and procedural etc sub-committees.

Finance Report on Website

Although now the excel spreadsheet cannot be uploaded, this will be investigated by the web sub-committee.

Grant Application

Jenny informed us that there is an employee at Monmouthshire County Council whose job it is to source grants for various topics. To ask full council whether they think if it is worth approaching the employee re a grant for tarmacking Llanbadoc Island Car Park, Ask Olivia to add to agenda – **Action HJ DONE.**

Equal Opportunity Policy

Llanbadoc Community Council should have an Equal Opportunity Policy – we do not. HJ to look at the Model policy from OVW. **Action HJ**

Website

The clerk and JC have provided information re: Isobel Brown who lives in Usk and is an Usk Town Councillor. She would design a new website from £250 - £350 (more developed for £350) Her website would be able to upload word documents with a simple click. Her annual bill is the same as we are currently paying. **Action refer JC to refer to website**
