

# **Llanbadoc Community Council**

## **Annual Plan 2020/2021**

### **OBJECTIVES**

In line with the Wellbeing of Future Generation(Wales) Act 2015 to follow the key guiding principles of the Act in pursuing our Objectives, namely, a resilient, prosperous, healthier Wales, being globally responsible, and creating more equal and cohesive communities.

1. To support and enhance the health and wellbeing of the residents of Llanbadoc by both direct action and liaising with key organisations e.g. Monmouthshire County Council and NRA.
2. To reflect in its work the needs and aspirations of its community by enhanced public engagements and the recognition of local responsibility for improving the community infrastructure and environment.
3. To support the long-term sustainability of the community by delivering key strategies locally, to include, biodiversity, conservation of the environment, and protection of the natural habitat. (see Appendix A for the Biodiversity Strategy)
4. To pursue, where appropriate, grant funding to support a range of potential projects aimed at community enhancement and protection.
5. To respond flexibly to major issues impacting on the community specifically in assisting in responding to the post Covid19 world and supporting the local community in recovery from the recent, but continued flooding.
6. To set out and then deliver a number of performance targets, as set out in this plan and ensure regular monitoring of progress, and action if necessary, to ensure targets are met.

### **PERFORMANCE TARGETS 2020/2021**

1. To develop and implement the tree survey report agreed by Council which sets out a priority programme of action to ensure all woodlands under the control of the Community Council comply with the Statutory obligations and are regularly monitored and appropriate remedial action taken.
2. To review all walks regularly, ensuring their safety, and that any remedial work is undertaken together with an annual review of leaflets and wide distribution thereof.
3. To receive, review and respond to all Planning Applications from MCC relating to the area covered by the Community Council.
4. To undertake a minimum of 4 half day litter picks, covering priority areas for action and encouraging volunteer participation via maximising publicity in advance.
5. To deliver directly, or via outreach activity, a minimum of 2 additional Volunteer drivers to support the local community get to medical appointments and to help support independent living where possible.
6. To agree and pursue local flood alleviation proposals and projects set out below and to report progress quarterly and in the Annual Plan review:
  - a) to develop proposals for new pumping station in Woodside adjacent Island House
  - b) to develop proposals with appropriate partners to alleviate flooding in properties adjacent to Llanbadoc church.
  - c) to develop proposals to reinstate the flood damaged Llanbadoc Island car park having regard to available resources and future risk of further flooding.
7. To ensure previously agreed speed prevention measures along the A472, specifically at Woodside and Little Mill are actioned.

All 7 targets to be reviewed quarterly and reported on fully as part of review of Annual Plan at the 2021 AGM. In addition, the end of year review will also set out;

1. The Council spend against the precept- how we spend the Community's money.
2. A schedule of Councillors' attendance at all meetings during the year.
