The website is run by Llanbadoc Community Council. We want as many people as possible to be able to use this website. For example, that means you should be able to:

- zoom in up to 300% without the text spilling off the screen
- navigate most of the website using just a keyboard
- navigate most of the website using speech recognition software
- listen to most of the website using a screen reader (including the most recent version of JAWS, NVDA and Voice Over)

We've also made the website text as simple as possible to understand.

AbilityNet (<https://mcmw.abilitynet.org.uk/>) has advice on making your device easier to use if you have a disability.

Technical information about this website's accessibility

Llanbadoc Community Council is committed to making its website accessible, in accordance with the Public Sector Bodies (Websites and Mobile Applications) (No.2) Accessibility Regulations 2018.

Compliance Status

This website is currently partially compliant with the Web Content Accessibility Guidelines version 2.1 AA standard. The non-compliances are listed below:

Non-accessible content

The content listed below is non-accessible for the following reasons.

Non-compliance with the accessibility regulations

- There may be pages with read more/click here links. See WCAG 2.4 Success Criterion 4.4 (Link Purpose (In Context))
- There may be some pages where HTML isn't perfectly formed, such as stray end tags. See WCAG 2.1 Success Criterion 4.1.1 (Parsing)
- Many of our older PDFs and Word documents don't meet accessibility standards – for example they may not be structured so they are accessible to a screen reader. See WCAG 2.1 Success Criterion 4.1.2 (name, role, value)
- Some images do not have text alternative, so people using a screen reader cannot access the information. This fails WCAG 2.1 Success Criterion 1.1.1 (non-text content)

We plan to add text alternatives for all images by the end of December 2020. When we publish new content, we will make sure our use of images meets accessibility standards.

Disproportionate burden

All of the accessibility issues listed above would be deemed a disproportionate burden to fix.

Navigation and accessing information

- There's no way to skip the repeated content in the page header (for example, a 'skip to main content' option).
- It's not always possible to change the device orientation from horizontal to vertical without making it more difficult to view the content.
- It's not possible for users to change text size without some of the content overlapping.

Content that's not within the scope of the accessibility regulations

PDFs and other documents

Some of our PDFs and Word documents are essential to providing our services. By the end of December 2020 we plan to either fix these or replace them with accessible HTML pages.

The website accessibility regulations do not require us to fix PDFs or other documents published before 23rd September 2018 (<http://www.legislation.gov.uk/uksi/2018/952/regulation/4/made>) if they are not essential to providing our services.

Any new PDF's or word documents we publish will meet accessibility standards.

Live Video

We do not plan to add captions to live video streams because live video is exempt from meeting the accessibility regulations (<http://www.legislation.gov.uk/uksi/2018/952/regulation/4/made>)
