

Llanbadoc Community Council conducts its business in the medium of English.

We fully support the Welsh Language Act but currently have no employees who are able to conduct our business in Welsh. We presently have no Councilors who speak Welsh. This to date has not presented any difficulties for us or the public as there have been no requests for information or correspondence in the Welsh Language.

Anyone wishing to contact us by telephone will be requested to conduct the conversation in English

Anyone who wishes to correspond with us may do so in the medium of Welsh and a response will be provided in Welsh. This will however be subject to a delay whilst translation services are sought. Any reasonable costs for this will be covered by the Council.

All Statutory notices are provided to us in both English and Welsh and we will ensure both are displayed on noticeboards. Our website and Facebook page are conducted in English only.

The following table shows information taken from the 2011 Census in relation to the use of Welsh Language in the areas of Llanbadoc Community Council, Monmouthshire County Council and Wales wide.

This statement will be reviewed for available/necessary changes annually.

Peter Sutherland  
Chair  
2021/22
